ACS Cancer Programs. Recognizing Prostate Cancer Awareness Month and supporting prostate cancer care.

IN 2022, AN ESTIMATED 268,490 NEW CASES OF PROSTATE CANCER WILL BE DIAGNOSED IN THE US AND 34,500 MEN WILL DIE FROM THE DISEASE.

As an accredited cancer program, we are committed to serving our patients and community by reducing the incidence of prostate cancer and ensuring access to screening, early detection, treatment, and quality care.

Prostate Cancer Awareness Month
SEPTEMBER 2022

WE ARE THE FOREFRONT OF CANCER.
SETTLING THE STANDARDS.
CENTERED ON PATIENTS.
